**STUDENT'S RIGHT TO CANCEL**

**A. STUDENT'S RIGHT TO CANCEL** The student has the right to cancel the enrollment agreement and obtain a full refund of all tuition paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You may cancel this enrollment agreement and obtain a refund by providing written notice to The President(s), ICP, 10780 Santa Monica Blvd., Suite 350, Los Angeles, California 90025-4720, by the following date: . See refund policy below.

**B. REFUND POLICY** Students who withdraw by the first class session, or the seventh day after enrollment, whichever is later, will be refunded all tuition paid. After the first week of class, but before 60% of the course is completed, tuition earned by the Institute will be calculated on a prorated basis. After 60% of the course is completed, there is no refund. If the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds. A definition of the enrollment period at ICP is that each semester or session is a separate enrollment/contract for the candidate and the total of all the enrollment agreements (contracts) equal the total courses and units necessary to meet all course requirements for the degree. Refund of Tuition Refunds are processed only upon written notice or discontinuance and application for a withdrawal and refund process has been processed. The refund amount is calculated by using the refund formula above and takes approximately 30 days to process as in accordance with California Education Codes. Refund Explanation The prorated amount is calculated as follows: The tuition fee is divided by the total weeks of the enrollment period, and this quotient is the weekly program charge. In order to get the amount of tuition owed to ICP the weekly program charge is by the weeks the student attended the program. Refund Example If the enrollment agreement is for 4 units the agreement will equal 52.5 clock hours. If the candidate withdraws and has only completed 20 hours of the 52.5 hours of the agreement, the candidate has 32.5 remaining hours on this agreement and it is considered a pro-rated refund. Here is how the calculation of this student's refund would work: In order to get to the refund amount you take the semester tuition fee of \$1,500.00 and divide this amount by the 52.5 hours the candidate enrolled to attend on this agreement. This amount which is \$28.58 is the per hour charge, you must now multiply this figure of \$28.50 by the 20 hours that the candidate attended on this agreement. This is the amount the candidate owes the college for their attendance. The amount in this example is \$571.60, if the candidate had paid the institute \$1,500.00 on this enrollment agreement, their refund would be \$928.40.

**C. Effect of Refund on Promissory Notes:** If the ICP is the holder of any promissory note(s) from the student, the ICP shall adjust any promissory note(s) to reflect the new total owing to the ICP. However, both student and ICP agree that the terms and conditions of any promissory note(s) shall remain unchanged, unless the refund causes the entire amount of the promissory note(s) to be refunded, in which case the promissory note(s) shall be discharged.
